

Cumulative Index 1986

Volume 70

<i>January</i>	CUTANEOUS ONCOLOGY, pages 1-214
<i>March</i>	ADVANCES IN RHEUMATOLOGY, pages 215-496
<i>May</i>	AIDS AND OTHER MEDICAL PROBLEMS IN THE MALE HOMOSEXUAL, pages 497-726
<i>July</i>	MEDICAL EMERGENCIES I, pages 727-964
<i>September</i>	MEDICAL EMERGENCIES II, pages 965-1208
<i>November</i>	UPDATE ON DIAGNOSTIC TECHNIQUES, pages 1209-1396

Note: Page numbers of article titles are in **boldface** type.

Abdomen, acute, in hospitalized patient, 1099-1100
 emergencies of, **1093-1110**
 pain in, characteristics of, 1094-1096
 laboratory tests in, 1097-1099
 nausea and vomiting as result of, 1096
 perforated ulcer as cause of, 1100
 physical examination of, 1096-1097
 Achilles tendonitis, 482-484
 Acid-base disorders, **1026-1032**
 clinical consequences of and treatment for, 1030-1032
 Acidosis, increased anion gap, 1028
 lactic, and cancer, 1162-1163
 causes of, 1031
 metabolic, 1028-1029
 in ARF, treatment of, 1047
 normal anion gap, 1029-1030

Acquired immunodeficiency syndrome (AIDS), counseling about
 safe sexual practices, 524-525
 enteric infections in, 614
 epidemiology of, **635-640**
 immunologic aspects of, **651-663**
 case definition, 652-653
 human T-cell lymphotropic retroviruses, 656-658
 laboratory diagnosis of, 655-656
 with opportunistic infections and/or Kaposi's sarcoma, 653-654
 predisposing factors in homosexual men, 658-661
 risk populations in United States and Europe, 653
 Kaposi's sarcoma in, 139-154, **665-675**

- Acquired immunodeficiency syndrome (AIDS) (*Continued*)
- Kaposi's sarcoma in, antiviral drugs in, 672
 - chemotherapy of, 670-671
 - clinical presentation and natural history of, 668-670
 - cutaneous manifestations, 144-146
 - definition, 141
 - diagnosis of, 670
 - disease spectrum, 146-147
 - epidemiology of, 139-141, 667-668
 - future issues in, 149-150
 - immune modulators in, 671
 - laboratory and clinical findings, 141-143
 - opportunistic infections, 143-144
 - radiation therapy, 671
 - therapy guidelines, 672
 - tissue typing, 183
 - treatment strategies, 147-148
 - lymphadenopathy in, 693-705
 - clinical syndrome of, 696-698
 - differential diagnosis of, 695-696
 - epidemiology of, 694-695
 - factors predictive of progression, 701-702
 - histopathology of, 696
 - immunologic evaluation of, 699-700
 - laboratory findings in, 698-699
 - natural history of, 700-701
 - virologic evaluation of, 700
 - opportunistic infections in, 677-693
 - case report, 678-679
 - clinical approach to patient, 680
 - fungal infections, 687-689
 - mycobacterial infections, 685-687
 - parasitic infections of gut, 685
 - Pneumocystis carinii* pneumonia, 680-683, 977-978
 - toxoplasmosis, 684-685
 - viral infections, 689-690
 - and other medical problems in male homosexual, issue on, 499-535
 - psychosocial support of patient with, 707-720
 - community-based programs, 716-718
 - psychiatric issues, 711-716
 - routine care, 709-711
 - risk factors for transmission of, 640-645
 - blood transfusions, 642-644
 - hemophilia, 642
 - heterosexual transmission, 644
 - homosexuality, 640-641
 - intravenous drug use, 641-642
 - other factors, 644-645
 - viral etiology of, 666-667
 - Adjustment disorder, and suicidal risk, 1192
 - Adrenal crisis, treatment of, 1116
 - Adrenal failure, and cancer, 1161
 - Adrenocortical insufficiency, pathophysiology and treatment of, 1115-1117
 - Adult respiratory distress syndrome (ARDS), causes of, 926-927, 1146
 - clinical indicators in, 926-932
 - prognostic indicators in, 928
 - treatment of, 928-930
 - African trypanosomiasis, diagnosis and treatment of, 1104-1105
 - AIDS. *See* Acquired immunodeficiency syndrome.
 - AIDS-related complex, immunologic features, 654-655
 - Airway management, in CPR, 732-733
 - Alcohol use, by male homosexual patients, 510
 - and suicidal risk, 1192
 - Alkalosis, metabolic, in fulminant liver failure, 1075
 - generation and maintenance of, 1032-1035
 - Allergic reactions, bronchopulmonary aspergillosis, as complication of asthma, 912
 - inflammation, 220
 - during intravenous digital subtraction angiography, 1261
 - Alopecia, 189-190
 - Alpha-fetoprotein, as tumor marker, 1303-1305
 - American Medical Association recommendations for health care needs of homosexual patients, 500
 - AMI. *See* Myocardial infarction, acute.
 - Aminophylline, for acute respiratory failure and COPD, 900
 - for asthma, 916
 - Ammonia, and portal systemic encephalopathy, 1085-1086
 - Amnesia, transient global, and amnesic syndrome, 1361-1374
 - case reports, 1362-1366
 - etiology, 1367-1370
 - differentiation from psychogenic amnesia, 1367-1368
 - epilepsy as cause, 1368
 - migraine as cause, 1369-1370
 - transient cerebral ischemic attacks as cause, 1368-1369
 - evaluation, 1371-1372
 - pathogenesis, 1366-1367
 - prognosis, 1370-1371
 - treatment, 1372
 - Amrinone, for CHF, 836-837
 - Amyloid fibril-related disease (beta fibrilloses), 155-161
 - Amyloidosis, acquired systemic, AA type, 157-159
 - AL type, 156-157

- heredofamilial types, 159-160
organ-limited, 160-161
- Amyotrophic lateral sclerosis, electrodiagnostic studies, 1337-1338
- Anal sphincter, injury of, 553-554
- Anaphylaxis, pathophysiology and treatment of, 1145-1146
- Anatomic pathology, 1209-1213
cytology, 1211
immunology, 1211-1212
morphology, 1209-1211
special technologic advances, 1212-1213
- Anemia, chronic, and recurrent pulmonary infiltrates, in infective endocarditis, 1282-1284
severe, pathophysiology and treatment of, 1129-1131
- Aneurysm, aortic abdominal, diagnosis of, 1107-1108
- Angina, during intravenous digital subtraction angiography, 1261
- Angiography, digital subtraction, 1253-1265
allergic reactions to, 1261
angina during, 1261
arrhythmias during, 1261
arterial overlap, 1260
cardiac output role, 1259-1260
congestive heart failure during, 1261
contrast material volume, 1260
description of, 1253-1254
extravasation in, 1261
field size limitations, 1260
intra-arterial, 1262-1264
intravenous, 1254-1262
aortic disease, 1257
carotid and vertebral artery disease, 1255-1256
complications of, 1260-1262
limiting factors, 1259-1260
peripheral vascular disease, 1257-1259
renovascular hypertension, 1254-1255
superior vena caval syndrome, 1259
unsuitable uses, 1259
motion impairment, 1259
vasovagal reaction during, 1261-1262
- Angioplasty, coronary. *See* Coronary angioplasty.
- Angiotensin-converting enzyme inhibitors, for CHF, 843-844
- Animal models of systemic lupus erythematosus, 341-342
- Ankle and foot, in sports medicine, 482-486
Achilles tendonitis, 482-484
metatarsal stress fractures, 484-485
plantar fasciitis and calcaneal spur, 485-486
- Ankylosing spondylitis, 325-329
- Anorectum, carcinoma of, 559-560, 626-627
gonorrhea in, 616-617
herpes in, 617-618
syphilis in, 619
trauma of, 549-556
anal fissures, 550-551
anal-sphincter injury, 553-554
male rape, 555-556
mucosal lacerations, 553
rectal abscess, 551
rectosigmoid perforation, 554-555
retained foreign bodies, 551-553, 627
- Antiarrhythmic agents, adverse effects of, 808-809
for tachyarrhythmias, 806-809
for ventricular arrhythmia, 1274-1275
- Antibodies. *See also* Autoantibodies.
cytotoxic, inflammation mediated by, 220-221
monoclonal, 178-183
in AIDS and Kaposi's sarcoma, 183
in cutaneous tumors, 179-183
in melanoma, 182
production of, for clinical use, 178-179
squamous cell carcinoma, 182
in T cell lymphoma, 180-182
- Anticoagulation, in AMI, 773-775
- Antidepressant drugs, 1190
- Antigens, carcinoembryonic, as tumor marker, 1301-1303
93D chromosomal puff, 254
Epstein-Barr nuclear and RA nuclear, 253
exogenous, removal of, in vasculitis syndromes, 367
histocompatibility HLA-B27, in seronegative spondyloarthritis, 325
in SLE and RA, autoantibody systems, 253
Smith (Sm), autoantibodies to, 247-248
- Antimalarial drugs, for rheumatoid arthritis, 293-294
for systemic lupus erythematosus, 349
- Anxiety, severe, or panic, drug treatment for, 1191-1192
suicidal risk and, 1191-1192
- Aortic disease, digital subtraction angiography of, 1257
- Apheresis, for rheumatoid arthritis, 297-298
- Apnea, central sleep, 1355
obstructive sleep, 1353-1355
- Appendicitis, diagnosis of, 1102-1103
- ARF. *See* Renal failure, acute.
- Arrhythmia, during intravenous digital subtraction angiography, 1261
ventricular, 1267-1277
antiarrhythmic agents, 1274-1275
automatic implantable defibrillator, 1275
quantification of, 1268-1273
surgical techniques, 1275
treatment of, 1273-1275

- Arthritis, acute gouty, 419-420
and calcium-containing crystals, 437-454
classification of, 439-440
clinical manifestations of, 443-445
CPPD crystal deposition, 438-443
crystal identification, 438
etiology of, 440-441
Milwaukee shoulder/knee syndrome, 445-449
pathogenesis of CPPD crystal deposition in, 441-443
treatment of, 449-451
chronic, in childhood, 305-322
clinical features, 313-316
epidemiology and genetics of, 306-307
nomenclature, 305-306
onset types, 307-313
outcome of, 319-320
therapy for, 316-319
pyogenic, and cancer, 400
rheumatoid (RA), autoantibodies in, 253
and cancer, 402
clinical features and pathogenetic mechanisms, 263-284
articular and periarticular disease, 268-271
cellular mechanisms, 266-268
etiology of, 264-265
extra-articular disease, 271-278
in lower extremities, 270-271
pathogenesis of, 263-268
synovial inflammation, 265-266
in upper extremities, 269-270
protein antigen systems in, 253
Arthropathies, and cancer, 391-396
amyloidosis, 394
carcinoma polyarthritis, 395-396
hypertrophic osteoarthropathy, 391-394
secondary gout, 395
enteropathic, 333
juvenile chronic, 332-333
psoriatic, 334-335
reactive, 332
Articular and periarticular disease, in rheumatoid arthritis, 268-271
Artifact, tissue, in endomyocardial biopsy, 1221
Assistive devices, in rheumatoid arthritis, 286-287
Asthma, 909-920
classification of, 909-912
definition of, 909
diagnosis of, 912-913
severity of, assessment of, 914
treatment of, 914-919
Atrial fibrillation, characteristics of, 792-793
clinical aspects of, 794-795
echocardiography of, 1235-1236
treatment of, 795-796
Atrial flutter, characteristics of, 791-793
clinical aspects of, 794-795
treatment of, 795-796
Atrioventricular block, temporary pacing for, 815-816
Atropine, for asthma, 917
for cardiac arrest, 737
for sinoatrial dysfunction, 816
Autoantibodies, monoclonal, in systemic lupus erythematosus, 343-344
in rheumatic diseases, 237-261
anti-PCNA, 252-253
to cellular components, 253-254
to centromere, 250-251
to DNP and histones, 244-245
to double-stranded DNA, 245-246
to Epstein-Barr nuclear antigen and RA nuclear antigen, 253
to Jo-1, 251
to Ku, 251-252
to MA-1 antigen, 253
to Mi-1 and Mi-2, 252
to mitotic spindle apparatus, 253-254
to muscle components, 254
to nuclear and cytoplasmic RNP, 246-247
to nuclear matrix, 253
to nucleolar RNA (4-6S RNA), 246
to organelles, 254
to phospholipids, 254
to PL-7, 251
to PM-1, 252
pseudocentromere systems, 251
to RNA, 246
to Ro/SSA, La/SSB, 248-249
to Sc-70, 250
in scleroderma and polymyositis/dermatomyositis, 249-252
screening tests for, 238-244
to single-stranded DNA, 246
to SL, 252
in SLE and RA, 253
to Sm and RNP, 247-248
to Su antigen, 253
to XR, 254
Autonomic instability, acute, management of, 1182
Azathioprine, for rheumatoid arthritis, 297
Azotemia, and portal systemic encephalopathy, 1081-1082
Bacillus anthracis, and pneumonia, 950-951
Back, in sports medicine, 475-486
lower back strain, 476-477
Bacterial endocarditis, acute, diagnosis of, 978-979
Bacterial meningitis, acute, diagnosis and treatment of, 987-992

- Balloon counterpulsation, intra-aortic, for acute myocardial ischemia, 781
- Basal cell carcinoma, biopsy, 100-102
physical examination, 96-100
recognition and treatment, 95-107
- Beau's lines, 190
- Behcet's syndrome, 335
- Beta-adrenergic agonists, for acute respiratory failure and COPD, 900-901
for asthma, 914-915
for left ventricular failure, 784-785
- Beta-blockers, for acute myocardial ischemia, 779-781
- Beta-hemolytic streptococci, and pneumonia, 949-950
- Biliary tract, fiberoptic endoscopy of, 1323
- Biological response modifiers, for disseminated malignant melanoma, 91-92
- Biomechanisms, of running, 476
of throwing, 470-471
- Biopsy, basal cell carcinoma, 100-102
endomyocardial, 1215-1226
follow-up specimens, 1224
myocarditis diagnosis, 1216-1217
sampling error, 1217-1218
technical requirements, 1219-1224
timing of, 1218-1219
primary cutaneous melanoma, 73-75
renal, in systemic lupus erythematosus, 345-347
squamous cell carcinoma, 100-102
- Bipyridines, for CHF, 836-837
- Bleeding, acute gastrointestinal, 1055-1066
assessment of, 1057-1058
diagnostic investigation in, 1060-1062
intravascular replacement in, 1058-1059
oxygen for, 1059
pathophysiology of, 1055-1057
treatment of, 1062-1063
excessive, due to drugs, and plasma coagulation, 1140-1141
upper gastrointestinal, endoscopic management of, 1320-1322
- Blisters, 191
- Blood, cranial supply, in temporal arteritis, 373
donation by male homosexuals, 525
transfusions as risk factor for AIDS transmission, 642-644
- Blood flow, mitral, mechanical obstruction by vegetation, 1287-1289
ultrasound imaging of, 1241-1252
clinical observations, 1247-1250
clinical problem, 1242
composite image scanning, 1245-1247
Doppler ultrasound, 1242-1243
duplex scanning, 1244-1245
gray-scale imaging, 1244
- Bone, juxta-articular tumors in, synovial reaction to, 387-388
- Botulism, diagnosis and treatment of, 974-975, 1002-1003
- Bowel infarction, 1102
- Bradyarrhythmias, pacing for, 813-816
- Brain, abscess, diagnosis and treatment of, 997-998
resuscitation, in CPR, 740-741
- Breast, subareolar abscess of, 560-561
- Bretylium, for cardiac arrest, 736-737
for ventricular tachycardia, 731
- Calcaneal spur, 485-486
- Calcitonin, for hypercalcemia, 1114
malignant, 1158
- Calcium, for cardiac arrest, 737
- Calcium channel blockers, for acute myocardial ischemia, 780
for ARF, 1046
for asthma, 919
- Calcium homeostasis, emergencies in, 1112-1114
- Calcium-containing crystals, and arthritis, 437-454
classification of, 439-440
clinical manifestations of, 443-445
CPPD crystal deposition in, 438-445
crystal identification, 438
etiology of, 440-441
- Milwaukee shoulder/knee syndrome, 445-449
nosology of, 438
pathogenesis of, 441-443
treatment of, 449-451
- Cancer, esophageal, palliation with fiberoptic endoscopy, 1314-1318
metabolic emergencies in, 1151-1165
adrenocorticotrophic syndrome, ectopic, 1159-1161
hypercalcemia, 1152-1158
hyperuricemia, 1163
hypoglycemia, 1161-1162
hyponatremia, 1158-1159
lactic acidosis, 1162-1163
tumor lysis syndrome, 1164
malignancy, as complication of therapy, 404-405
pre-existing connective tissue disease, 400-404
and rheumatologic syndromes, 385-419
direct association between 385-388
indirect associations between 388-400
- Candida* infections in AIDS, 687-688
oral-esophageal, 624-625
- Cannulation, venous, in CPR, 734
- Captopril, for CHF, 844
- Carcinoma, of anal canal, 559-560
anorectal, 626-627
anorectal squamous cell in situ, 559

Carcinoma (*Continued*)

- basal cell and squamous cell, 95-107
 - biopsy, 100-102
 - management of, 102-106
 - physical examination, 96-100
- squamous cell, tissue typing, 182
- Cardiac compression, in CPR, 733-734
- Cardiac glycosides, for CHF, 833-834
- Cardiac output, and intravenous digital subtraction angiography, 1259-1260
- Cardiac pacing, in CPR. *See* *Pacing*.
- Cardiac tamponade, and cardiogenic shock, 868-869
- Cardiogenic shock, 861-869
 - AMI and, mechanical complications of, 865-869
 - in AMI, 862-864
 - causes of, 865-869
 - intra-aortic balloon counterpulsation for, 864-865
- Cardiomegaly, radiographic, echocardiography of, 1233-1235
- Cardiomyopathy, idiopathic congestive, and endomyocardial biopsy, 1223-1224
- Cardiopulmonary resuscitation (CPR), 729-747
 - airway management in, 732-733
 - asystole in, 739
 - brain resuscitation in, 740-741
 - cardiac compression in, 733-734
 - cardiac pacing in, 739-740, 744
 - clinical experience with, 729-730
 - defibrillation and, 730-731
 - drug administration in, 733
 - electromechanical dissociation in, 738-739
 - endotracheal drug administration in, 733
 - medications administered during, 734-737
 - medicolegal aspects of, 743-744
 - practical considerations of, 741-744
 - venous cannulation in, 734
 - ventricular fibrillation and, 730-734
 - ventricular tachycardia and, 731-732
- Cardiovascular compromise, hypertension and, 758-759
- Cardioversion, electrical, for tachyarrhythmias, 809
- Carotid-vertebral artery disease, digital subtraction angiography of, 1255-1256
- Catecholamine excess, in hypertensives, 761
- Cavernous sinus thrombosis, diagnosis of, 975-976
- Cell-mediated immune hypersensitivity reactions, type IV, 194
- Cellulitis, chemical, 191-193
- Central nervous system, compromise, hypertension and, 753-758
 - in "fibrositis" syndrome, 463-464
 - in systemic lupus erythematosus, 345
- Cerebral malaria, diagnosis and treatment of, 1004

- Chancroid, 599-600
- Chemotactants, cellular responses of leukocytes to, 224-225
 - N-formylated peptides, 224
 - receptor activation of, 225-226
- Chemotactic factors, cellular-derived, 223-224
 - complement-derived, 223
 - lipid-derived, 224
- Chemotherapy, cancer, of AIDS-related Kaposi's sarcoma, 670-671
 - cutaneous side effects, 187-209
 - cytotoxic reactions, 187-191
 - alopecia, 189-190
 - Beau's lines, 190
 - blisters, 191
 - mucositis, 187-189
 - hypersensitivity reactions, 193-194
 - type I IgE-mediated, 193-194
 - type II cytotoxic, 194
 - type III immune complex-mediated, 194
 - type IV cell-mediated immune, 194
 - immunosuppression complications, 199-203
 - infections, 199-202
 - tumors, 202-203
 - local injury from, 191-193
 - chemical cellulitis, 191-193
 - phlebitis, 191
 - pigmentation alterations from, 196-199
 - diffuse hyperpigmentation, 199
 - localized cutaneous hyperpigmentation, 196-197
 - miscellaneous cutaneous reactions, 197-199
 - radiation interactions with, 194-196
 - systemic, for cutaneous T cell lymphoma, 125-126
 - topical, for cutaneous T cell lymphoma, 122-123
- Chest pain, in hypertensives, 758-759
- CHF. *See* *Congestive heart failure*.
- Children, with chronic arthritis, 305-322
 - clinical features of, 313-316
 - epidemiology and genetics of, 306-307
 - nomenclature of, 305-306
 - onset types, 307-313
 - outcome of, 319-320
 - pauciarticular JRA, 311-313
 - polyarthritis, 310-311
 - therapy for, 316-319
 - with juvenile chronic arthropathy, 332-333
- Chlamydia trachomatis* proctitis, 618-619
- Chlorpromazine, for psychotic disorders, 1198-1199
- Cholecystitis, acute, diagnosis of, 1105-1106
- Chronic obstructive lung disease, 895-907
- Circadian rhythm disturbances, 1357

- Cirrhosis, and sepsis, diagnosis of, 984
Clostridia cellulitis/myonecrosis, diagnosis of, 971
Coccidioides immitis, and pneumonia, 978
 Colitis, ischemic, diagnosis of, 1105
 Colon emergencies, 1102-1105
 Colonic obstruction, causes and treatment of, 1104-1105
 Colonic pseudo-obstruction, diagnosis of, 1105
 Colony-stimulating factor, in malignant hypercalcemia, 1154
 Color evaluation, in ultrasound imaging, 1246-1247
 Coma, in advanced hypertensive encephalopathy, 756-757
 diabetic, hyperglycemia and, 1117-1118
 examination and treatment of, 1167-1170
 hepatic, and portal systemic encephalopathy, 1081-1091
 myxedema, pathophysiology and treatment of, 1125-1128
 nonketotic hyperosmolar, pathophysiology and treatment of, 1118-1120
 Composite image scanning. See *Ultrasound imaging of blood flow*.
 Computed tomography scans, of lymphadenopathy in AIDS, 698
 Condoms, contact dermatitis from, 562
 Condyloma acuminatum, 556-558, 600, 619-620

 - attitudes toward physicians, 502-503
 - clinical approach to, 499-535
 - counseling about preventive health practices, 523-528

Male homosexuals (*Continued*)

clinical approach to, economic aspects of health care, 522-523

laboratory evaluation of asymptomatic patient, 513-522

medical and sexual history, 503-512
mutual perceptions of physicians and patients, 501-503

physical examination, 512-513

recognition of health-care needs, 499-500

genital infectious syndromes in, 587-609

inguinal adenopathy, 603-605

mucocutaneous lesions, 597-603

urethritis, 587-597

immunology of AIDS in, 651-663

AIDS with opportunistic infections and/or Kaposi's sarcoma, 653-654

AIDS-related complex, 654-655

case definition of, 652-653

human T-cell lymphotropic retroviruses, 656-658

laboratory diagnosis of AIDS and HTLV-III-related syndromes, 655-656

predisposing factors for HTLV-III infection and AIDS in, 658-661

risk groups in United States and Europe, 653

intestinal infections in, 611-635

clinical symptoms of, 616-625

epidemiology of, 612-616

management of, 627-631

neoplasms, 625-627

prevention of, 631

lymphadenopathy in AIDS in, 695-707

clinical syndrome of, 698-700

differential diagnosis of, 697-698

epidemiology of, 696-697

factors predictive of progression of, 703-704

histopathology of, 698

immunologic evaluation of, 701-702

laboratory findings in, 700-701

natural history of, 702-703

virologic evaluation of, 702

medical and sexual history, 503-512

diseases associated with sexual intercourse, 504

drug and alcohol use, 510

factors in healthy life style, 510-511

location of sexual activity, 510

organ system review, 506

sexual identity and dysfunction, 511

sexual orientation, 503-504

sexual partners, 506

sexual practices, 506-510

support systems, 511

social and behavioral aspects, 537-547

cultural variables, 539-540

homosexual relationships, 543-544

sexual attitudes, 544-555

sexual behavior, 541-543

sexual orientation, 537-539

social factors, 540-541

trauma and other noninfectious problems in, 549-566

anorectal carcinoma, 559-560

anorectal trauma, 549-556

condyloma acuminatum, 556-558

in external genitalia, 561-562

subareolar breast abscess, 560-561

viral hepatitis in, 567-586

delta hepatitis, 580-581

hepatitis A, 568-573

hepatitis B, 573-580

history of, 567-568

non-A, non-B hepatitis, 581-582

sexual transmission of, 568

Malignant external otitis, diagnosis of, 976

Mannitol, for ARF, 1045

for increased ICP, 1172

Marburg virus, 996

Masses, intracavitary, echocardiography of, 1236-1238

Massive venous thromboembolic disease, acute, 1142

Melanocytic precursors of cutaneous melanoma, estimated risks and management guidelines, 3-37

Melanoma, acral-lentiginous malignant, histology, 60-63

cutaneous, melanocytic precursors, estimated risks and management guidelines, 3-37

lentigo maligna, histology, 59-60

malignant, histology of, 57-70

criteria for histologic diagnosis, 58-64
differential diagnosis, 68

historical review, 57-58

nodular, histology, 63-64

primary cutaneous, 39-55, 71-87

biopsy of primary site, 73-75

clinical features, 40-48

diagnosis and differential diagnosis, 48-49

general features, 39-40

historical background, 71-73

immunotherapy, 83

prognostic factors, 39-55

radiation therapy, 83

regional perfusion, 79-83

surgical treatment of regional lymph nodes, 76-79

wide local excision, 75-76

prognostic indicators, 50-52, 68

superficial spreading, histology, 63

systemic therapy, 89-94

adjuvant therapy, 90

for disseminated disease, 91

- immunotherapy and biological response modifiers for disseminated disease, 91-92
- staging, 89-90
- tissue typing, 182
- Meningeal infiltration, electrodiagnostic studies, 1339
- Meningococcemia, fulminant, diagnosis of, 968-969
- Metabolism, in hyperuricemia and gout, 426-429
- Metastatic disease, and rheumatic diseases, 388
- Metatarsal stress fractures, 484-485
- Methotrexate, for rheumatoid arthritis, 295-297
- Metoprolol, for acute myocardial ischemia, 780
- Mycrosporidium* infections, 624
- Milrinone, for CHF, 837
- Milwaukee shoulder/knee syndrome, 445-449
- Mithramycin, for hypercalcemia, 1113-1114
- in cancer, 1156-1157
- Mitral valve, blood flow obstruction by vegetation, 1287-1289
- prolapse, and infective endocarditis, 1290-1291
- Mittelschmerz, diagnosis of, 1108
- Molluscum contagiosum, 600
- Mondor's phlebitis, 561
- Mononeuropathies, electrodiagnostic studies, 1342-1343
- Monoradiculopathies, electrodiagnostic studies, 1338-1339
- Morphology, diagnostic techniques, 1209-1211
- Motion, in intravenous digital subtraction angiography, 1259
- periodic, in sleep, 1355
- Mucocutaneous lesions, 597-603
- historical features of, 597-598
- physical examination of, 598-602
- treatment of, 602-603
- Mucositis, 187-189
- Mycobacterial infections, in AIDS, 685-687
- Mycobacterium avium-intracellulare*, 624
- Mycobacterium tuberculosis*, and pneumonia, 954
- Mycotic aneurysm, diagnosis of, 979
- Myeloma, paraproteinemias, and skin, 155-176
- Myocardial infarction, acute (AMI), activity guidelines for, 772-774
- anticoagulation in, 773-775
- cardiogenic shock in, 862-864
- chest pain control, 772-773
- ischemic pain during, treatment of, 776-781
- management of, 769-790
- pathogenetic mechanisms in, 769-771
- prevention of ventricular fibrillation in, 775-776
- shock and, mechanical complications of, 865-869
- temporary pacing during, 813-814
- treatment of hemodynamic disturbances in, 782-786
- Myocardial ischemia, treatment of, 776-781
- Myocarditis, diagnosis by endomyocardial biopsy, 1215-1226
- clinical diagnosis of myocarditis, 1216-1217
- follow-up biopsy, 1224
- sampling error, 1217-1218
- technical requirements, 1219-1224
- clinical bias, 1219-1220
- drug-induced myocarditis, 1221-1222
- histologic criteria, 1220-1221
- idiopathic congestive cardiomyopathy, 1223-1224
- ischemic myocardial damage, 1223
- noninflammatory leukocytic infiltrates, 1223
- normal myocardial tissue, 1224
- tissue artifact, 1221
- timing of biopsy, 1218-1219
- Myocardium, normal tissue, and endomyocardial biopsy, 1224
- shock effects on, 857-858
- Myopathies, electrodiagnostic studies, 1346
- Myxedematosus, lichen (papular mucinosis), and scleromyxedema, 170-171
- Naloxone, for septic shock, 939
- Narcolepsy syndrome, 1351-1353
- Neoplasms, gastrointestinal, 625-627
- anorectal carcinoma, 626-627
- anorectal trauma and foreign objects, 627
- gastrointestinal lymphomas, 626
- Kaposi's sarcoma, 625-626
- Nerve disorders, peripheral, 1179-1181
- Nervous system, effect of shock on, 856
- Neuroleptic malignant syndrome, 1182-1183
- Neurologic emergencies, 1167-1184
- autonomic instability, acute, 1182
- coma, 1167-1170
- infections, 987-1011
- intracranial pressure increase, 1170-1173
- neurogenic respiratory failure, acute, 1179-1182
- neuroleptic malignant syndrome, 1182-1183
- respiratory failure, acute, 1179-1182
- spinal cord compression, 1183
- status epilepticus, 1177-1179
- stroke, 1173-1177

- Neuromuscular disorders, electrodiagnostic studies of, 1333-1347
 electromyography, 1336-1337
 general considerations, 1333-1334
 motor unit diseases, 1337-1346
 anterior horn cell-amyotrophic lateral sclerosis, 1337-1338
 mononeuropathies, 1342-1343
 monodulculopathies, 1338-1339
 myopathies, 1346
 neuromuscular junction, 1343-1346
 plexopathies, 1339-1340
 polyneuropathies, 1340-1342
 polyradiculopathies, 1339
 nerve conduction parameters, 1334-1336
 management of, 1181-1182
 Nevus, dysplastic, histology of, 65-67
 melanocytic, 14-21
 nevomelanocytic, common acquired, 4-8
 giant congenital, 21-24
 small congenital, 24-28
 Nitrates, for CHF, 840-841
 Nitroglycerin, for acute myocardial ischemia, 780-781
 Nitroprusside, for CHF, 839-840
 for persistent myocardial ischemia, 781
 Noncardiogenic pulmonary edema, 1146.

 diagnosis of, 896
 evaluation of, 899-900
 management of, 900-903
 pathophysiology of, 896-898
 precipitating factors in, 898-903
 prognosis for, 896
- Rest, in rheumatoid arthritis, 286
- Retropharyngeal abscess, 973
- Retroviruses, human T-cell lymphotropic, 656-658
- Rheumatic diseases, autoantibodies, relation to, 237-261
 and cancer, 385-419
 amyloidosis, 394
 carcinoma polyarthritides, 395-396
 with connective tissue diseases, 400-404
 cryoproteins, 397
 dermatomyositis and polymyositis, 389-391
 hypertrophic osteoarthropathy, 391-394
 immune-complex disease, 398
 leukemia and lymphoma, 386-387
 lupus-like syndrome, 397
 malignancy as complication of therapy, 404-405
 metastatic disease, 388
 necrotizing vasculitis, 397
 osteomalacia, 400
 panniculitis, 399
 polyarteritis with Hodgkin's disease and hairy cell leukemia, 398-399
 polychondritis, 399
 polymyalgia rheumatica, 399
 primary synovial involvement, 3836
 pyogenic arthritis, 400
 reflex sympathetic dystrophy syndrome, 398
 scleroderma, 398
 secondary gout, 395
 synovial reaction to juxta-articular bone tumors, 387-388
- inflammation mechanisms and leukocyte chemotaxis, 217-235
 allergic (reagenic), 220
 cellular responses to chemoattractants, 224-225
 cellular-derived chemotactic peptides, 223-224

- chemoattractant receptor activation, 225-226
- complement-derived chemotactic factor, 223
- cytotoxic antibody mediation of, 220-221
- delayed hypersensitivity reactions, 222-223
- exocytosis of granule constituents by leukocytes, 228
- immune complex initiation of, 221-222
- in immune system function, 217-219
- immunologically mediated, 219-223
- lipid-derived chemotactic factors, 224
- microbicidal and cytotoxic activities of leukocytes, 228
- mononuclear leukocyte initiation of, 222-223
- N-formylated peptide chemoattractants, 224
- phagocytosis, 226-228
- rheumatoid synovitis, 228-231
- tissue destruction, mechanism of, 229-231
- therapeutic treatment of, 285-304
 - corticosteroids, local injections, 290-291
 - systemic use, 289-290
 - experimental therapy, 297-298
 - nonpharmacologic approaches, 285-287
 - salicylates and other NSAIDs, 287-289
 - slow-acting drugs, 291-297
 - tissue destruction in, 229-231
- Rheumatoid arthritis (RA). See *Arthritis, rheumatoid*.
- Rheumatoid synovitis, immunologically mediated inflammation, 228-231
- Right ventricular infarction, as complication of cardiogenic shock, 867-868
- Risk factors, for AIDS transmission, 499-500, 640-645
 - blood transfusions, 642-644
 - hemophilia, 642
 - heterosexual transmission, 646
 - homosexuality, 499-500, 640-641
 - intravenous drug use, 641-642
 - other factors, 644-645
 - for hepatitis A infection, 571
- RNA autoantibodies, 246
- RNP, nuclear and cytoplasmic, autoantibodies to, 246-247
- Rocky Mountain spotted fever, 967-968
- Salicylates and other NSAIDs, for rheumatoid arthritis, 287-289
- Saline diuresis, for malignant hypercalcemia, 1156
- Salmonellosis, 332
- Sarcoidosis, and cancer, 403
- Scabies, 602
- Scanning, duplex, 1244-1245
- Scleroderma, autoantibody systems in, 249-252
 - and cancer, 398, 402-403
- Scleromyxedema, and lichen myxedematosus (papular mucinosis), 170-171
- Screening tests, for autoantibodies, 238-244
- for sexually transmitted diseases, 518-519
- Seizures, in advanced hypertensive encephalopathy, 757-758
- Sepsis, and cirrhosis, diagnosis of, 984
 - clinical indicators in, 921-932
 - clinical manifestations of, 921-923
 - definition of, 923
 - gram-negative, 936-937
 - mortality in, causes of, 925-926
 - and purpura fulminans, diagnosis of, 969-970
 - prognostic indicators in, 923-925
 - treatment of, 928-930
- Septic shock, anti-infective therapy for, 934-935
 - organ system dysfunction in, 940-941
 - pathophysiology of, 935-936
 - prognostic factors in, 933-934
 - therapy of, 933-944
 - experimental agents in, 938-940
- Serology, in systemic lupus erythematosus, 344
- Serum potassium, abnormalities of, 1023-1026
- Serum sodium, disorders of, 1013-1015
- Sexual orientation, inquiring about, 503-504
- and sexual dysfunction, 511
 - social aspects of, 537-539
- Sexual partners, history of, 506
- Sexual practices, diseases associated with, 504
 - history of, 506-510
 - social and behavioral aspects of, 541-543
- Shin splint syndrome, 481-482
- Shock, cardiogenic. See also *Cardiogenic shock*.
 - classification of, 855
 - clinical manifestations of, 858-860
 - definition of, 854
 - effect on specific organs, 855-858
 - history of, 853-854
 - hypovolemic. See *Hypovolemic shock*.
 - monitoring in, 860-861
 - septic. See *Septic shock*.
- Shock resuscitation, 937-938
- Shoulder, biomechanics of throwing, 470-471
 - impingement syndromes, 471-473
- Side effects, cutaneous, of cancer chemotherapy, 187-209
- cytotoxic reactions, 187-191

- Side effects (*Continued*)
 hypersensitivity reactions, 193-194
 immunosuppression complication, 199-203
 local injury, 191-193
 pigmentation alterations, 196-199
 radiation interactions, 194-196
- Sinoatrial dysfunction, temporary pacing for, 816-817
- Sjögren's syndrome, and cancer, 401-402
- Skin, myeloma, and paraproteinemias, 155-176
- SL autoantibodies, 252
- Sleep disorders, 1349-1360
 circadian rhythm disturbances, 1357
 daytime sleepiness, 1351-1355
 central sleep apnea, 1355
 idiopathic central nervous system hypersomnolence, 1353
 obstructive sleep apnea, 1353-1355
 periodic movements in sleep, 1355
 insomnia, 1355-1356
 parasomnias, 1356-1357
 physiology, 1349-1350
 Sleep Laboratory, 1350-1351
- Small bowel obstruction, 1101-1102
- Sodium bicarbonate, for cardiac arrest, 735-736
- Solar lentigines, 8-11
- Somatostatin, for acute gastrointestinal bleeding, 1063
- Sphincter, anal, injury of, 553-554
- Spinal cord compression, 1183
- Spondyloarthritides, seronegative, 323-336
 ankylosing spondylitis, 325-329
 Behcet's syndrome, 335
 clinical subsets, 324-325
 enteropathic arthropathies, 333
 and histocompatibility antigen HLA-B27, 325
 juvenile chronic arthropathy, 332-333
 psoriatic arthropathy, 334-335
 reactive arthropathies, 332
 Reiter's syndrome, 329-332
 Whipple's disease, 335
- Sports medicine, 469-489
 back and lower extremity injuries, 475-486
 ankle and foot injuries, 482-486
 biomechanics of running, 476
 hip function, 477-478
 knee injuries, 479-480
 lower back strain, 476-477
 upper extremity injuries, 470-475
 elbow, 474-475
 shoulder, 470-473
- Squamous cell carcinoma, biopsy for, 100-102
 management of, 102-106
 physical examination, 96-100
 recognition and treatment, 95-107
 tissue typing, 182
- Staging, cutaneous T cell lymphoma, 118-120
 malignant melanoma, 89-90
- Staphylococcus aureus*, and pneumonia, 948-949
- Status epilepticus, drug treatment of, 1178-1179
 examination for and treatment of, 1177-1179
- Streptococcus pneumoniae*, and pneumonia, 947-948
- Streptokinase, for hyperacute myocardial ischemia, 776-777
 for pulmonary embolism, 888-890
- Stroke, signs and symptoms of, 1173-1174
 recurrent, in vegetative endocarditis, 1286-1287
 treatment of, 1175-1177
 types of, 1174-1175
- Strongyloides stercoralis*, and pneumonia, 978
- Subdural empyema, 999
- Suicide, attempts at, 1185-1186
 risk assessment, 1186-1188
 treatment of, 1188-1194
- Superior vena caval syndrome, digital subtraction angiography of, 1259
- Support systems, for homosexual patients, 511
- Suppurative thrombophlebitis, diagnosis of, 979-980
- Surgery, for primary melanoma, regional lymph node dissection, 76-79
 wide local excision, 75-65
 for ventricular arrhythmia, 1275
- Sympathomimetic amines, for CHF, 834
- Synovitis, rheumatoid, 228-231
- Synovium, and juxta-articular bone tumors, 387-388
 primary involvement in cancer, 386
- Syphilis, anorectal, 619
 genital ulcers in, 598
 secondary, 601-602
- Systemic lupus erythematosus (SLE), 337-353
 autoantibodies in, 253
 and cancer, 397, 401
 central nervous system disease in, 345
 classification of, 339-340
 clinical features, 337-338
 epidemiology of, 340-341
 immune-complex assays, 344-345
 pathogenesis of, 341-344
 animal models, 341-342
 human studies, 342-343
 immune disturbances, 341
 monoclonal autoantibody studies, 343-344

- and pregnancy, 351
- protein antigen systems, 253
- renal biopsy in, 345-347
- serologic analysis, 344
- therapy of, 348-351
 - antimalarials, 349
 - glucocorticoids, 349
 - immunosuppressive and cytotoxic agents, 349-350
 - nonsteroidal anti-inflammatory drugs, 348
- Systemic therapy, malignant melanoma, 89-94
 - adjuvant therapy, 90
 - for disseminated disease, 91
 - immunotherapy and biological response modifiers, 91-92
 - staging of, 89-90
- T cell cutaneous lymphoma, 103-138, 180-182
- Tachyarrhythmias, emergency treatment of, 791-811
 - antiarrhythmic drug therapy, 806-809
 - atrial flutter and atrial fibrillation, 791-796
 - electrical cardioversion, 809
 - pacing for, 826-827
 - paroxysmal supraventricular tachycardia, 796-800
 - torsades de pointes, 805-806
 - ventricular tachycardia, 802-805
 - Wolff-Parkinson-White syndrome, 800-802
- Tachycardia, paroxysmal supraventricular, 796-800
 - ventricular. See *Ventricular tachycardia*.
- Tachypnea, as symptom of pulmonary embolism, 882
- Temporal arteritis, 369-384
 - case reports, 374-375
 - clinical features of, 372-374
 - diagnosis of, 375-376
 - epidemiology of, 370
 - laboratory studies, 376-378
 - pathology of, 370
 - pathophysiology of, 372
 - treatment of, 378-380
- Terlipressin, for acute gastrointestinal bleeding, 1063
- Tetanus, diagnosis and treatment of, 974, 1001-1002
- Theophylline, for acute respiratory failure and COPD, 900
 - for asthma, 915-916
- Thrombolytic agents, for hyperacute myocardial ischemia, 776-779
- Thrombotic thrombocytopenic purpura, treatment of, 1141-1142
- Thrombosis, deep venous, fibrinolytic treatment, 1325-1332
 - complications, 1331-1332
 - diagnosis, 1326
 - dosage schedules, 1328-1331
 - drug therapy selection, 1326-1328
 - goals of therapy, 1325-1326
 - pharmacologic actions, 1328
- Thyroid emergencies, pathophysiology and treatment of, 1123-1125
- Thyrototoxicosis, propylthiouracil for, 1124
- Tissue typing. See also *Antibodies, monoclonal*.
 - in cutaneous oncology, 177-185
- Torsades de pointes, 805-806
- Toxic shock syndrome, diagnosis of, 969
- Toxoplasmosis, in AIDS, 684-685
 - diagnosis and treatment of, 1005-1006
- Transfusion reactions, emergencies associated with, 1142-1146
 - prevention of, 1146-1147
- Trauma and other noninfectious problems, in male homosexual, 549-566
 - anorectal carcinoma, 559-560
 - anorectal trauma, 549-556
 - condyloma acuminatum, 556-558
 - in external genitalia, 561-562
 - subareolar breast abscess, 560-561
- Trochanteric bursitis, 477-478
- Tumor lysis syndrome, and cancer, 1164
- Tumor markers, oncofetal proteins and hormones, 1295-1306
 - alpha-fetoprotein, 1303-1305
 - carcinoembryonic antigen, 1301-1303
 - human chorionic gonadotropin, 1296-1298
 - prolactin, 1299-1301
- Tumors, risk of developing with cancer chemotherapy, 202-203
- Ulcers, genital, 598-600
 - perforated, 1100
- Ultrasound imaging of blood flow, 1241-1252
 - clinical observations, 1247-1250
 - clinical problem, 1242
 - composite image scanning, 1245-1247
 - clinical endpoints, 1245
 - obtaining image, 1245-1246
 - reading image, 1246-1247
 - Doppler ultrasound, 1242-1243
 - duplex scanning, 1244-1245
 - gray-scale imaging, 1244
 - Ultraviolet light-induced erythema, 196
- Upper gastrointestinal disorders. See *Endoscopy, fiberoptic, of upper gastrointestinal disorders*.
- Urethritis, 587-597
 - etiology of, 591-594

- Urethritis (*Continued*)
gonococcal versus nongonococcal, 591-593
homosexual transmission of, 593-594
patient examination, 588-589
treatment of, 594-597
urethral specimen evaluation, 589-591
Uric acid calculi, treatment of, 431-432
Urokinase, for hyperacute myocardial ischemia, 777-778
for pulmonary embolism, 888-890
- Valvular heart disease, echocardiography of, 1229-1231
Varicella zoster, 994-995
Vascular resistance, normal systemic, in AMI, treatment of, 786
Vasculitis syndromes, 355-368
classification and diagnostic features, 355-361
necrotizing, and cancer, 397
therapy of, 361-367
combination of corticosteroids and cytotoxic agents, 365-367
corticosteroids, 364-365
exogenous antigen removal, 367
Vasodilators, for CHF, 837-844
Vasopressin, for acute gastrointestinal bleeding, 1063
Vasovagal reaction, during intravenous digital subtraction angiography, 1261-1262
Vegetation, embolic complication, in infective endocarditis, 1284-1286
and mitral blood flow obstruction, 1287-1289
stroke complication in infective endocarditis, 1286-1287
Venous cannulation, in CPR, 734
Ventricular arrhythmia. *See Arrhythmia, ventricular.*
Ventricular dysfunction, left, echocardiography of, 1231
in hypertensives, 759
treatment of, 782-785
Ventricular fibrillation, and CPR, 730
prevention of, in AMI, 775-776
- Ventricular hypertrophy and dilation, echocardiography of, 1235
Ventricular infarction, right, in AMI, 785-786
Ventricular tachycardia, 802-805
causes of, 803-804
CPR and, 731-732
treatment of, 804-805
Verapamil, for ARF, 1046
for paroxysmal supraventricular tachycardia, 799
Vinblastine, for Kaposi's sarcoma, 670-671
Vincristine, for Kaposi's sarcoma, 671
Viral meningitis, diagnosis of, 992-993
Viral meningoencephalitis, diagnosis of, 992-996
Virus, hepatitis A, 568-569
hepatitis B, 573-574
herpes simplex infection, 599-600
infections in AIDS, 689-690
and pneumonia, 977
- Waldenstrom benign hypergammaglobulinemic purpura, 168-170
Whipple's disease, 335
White cells, emergencies associated with disorders of, 1132-1136
Wolff-Parkinson-White syndrome, 800-802
- X-ray findings in gout, calcification, 426
skeletal, 425
uric acid stones, 426
Xanthine derivatives, for asthma, 915-916
Xanthogranuloma, necrobiotic, with paraproteinemia, 164-165
Xanthomas, 165-168
XR autoantibodies, 254
- Yellow fever, diagnosis of, 982-983
Yersinia enterocolitica infection, 332
Yersinia pestis, and pneumonia, 953-954, 977
